WE ALL HAVE A BANK OF PRECIOUS MEMORIES AND SOME OF THEM ARE LIKE OLD FRIENDS WE RETURN TO TIME AND AGAIN.

This nostalgic series takes Doug back to his childhood pets, favourite board games and those irresistible pick 'n' mix jars. These are all elements of his childhood that he loves to recreate for his three children, as they make their own memories for the future.

WE SHARE LOVE

Paper Edition of 395, 22" x 16", Release Price: £550 (Framed)

“A true best friend, a shoulder to cry on, a friend to play with, walk with, talk to. A dog in anybody’s life becomes a truly big thing (especially my dog). A family member who is always there for you - sharing a bond - We Share Love.”

The limited edition of **Heart Throb** has been created using the sophisticated technique of dye sublimation. Solid dyes are subjected to extreme heat which causes them to vaporise and permeate the glossy surface of a thin piece of aluminium before they return to solid form. The colour infuses the metal, creating a stunning and sleek glossy finish.
