PASIÓN BRINGS TOGETHER A UNIQUELY EXPRESSIVE ARRAY OF COLLECTABLE CANVASES, ALONGSIDE A MUCH ANTICIPATED TRIO OF INSPIRATIONAL BRONZE SCULPTURES.

From solitary exquisite geishas to a couple caught mid-step in a sensuous tango, these works share an intensity that can only be described as passion. “Whether this is the passion of the individuals within the image, or my own passion for the painting itself is perhaps irrelevant – what I hope is that others are able to feel the strength of emotion that I have experienced myself”
