

"I follow the path of heart. In the darkness, my interior world consumes and the reverie begins... It is this dreamworld that I travel within, to uncover inner landscapes and internal rhythms, to create kin with the magic of brush, paint and canvas... This exploration is tireless and knows no boundaries."

Danielle's exhilarating floral images vibrate with life, energy and riotous colour. Her deceptively loose, impressionistic style disguises the intricacy of her brushwork and the stylish formality of each composition.

A Canadian artist based in Toronto, Danielle has been painting for over 30 years. A distinctive fusion of eastern and western artistry has led to her works being highly prized by art collectors from both sides of the Pacific.
