TO THE LIMIT

CHASING THE DREAM

Box Canvas Edition Size 95
28" x 40" RRP £795

With these dramatic New York scenes, James invites us to take the high-flyer's view of life and look out over a panorama of business and financial achievement. These sweeping visions of the modern world also provide a commentary on modern life; the rewards of success represented by the speeding sports car that burns off the competition at the lights and seems to invite participation in this charismatic scene – but only if you're ready to take it **TO THE LIMIT.**
