NIGHT AND THE CITY

“ I am constantly amazed at the wealth of inspiration a familiar city can continue to provide

With *Night and the City*, Csilla Orban links people with their surroundings in a series of powerfully expressive compositions.

These beautifully illuminated images examine a range of urban contexts which draw people together; from Parisian cafés and London landmarks to the hustle and bustle of Midtown Manhattan, her atmospheric cityscapes draw us into the unique experience life after dark in the metropolis.

Born in 1961 in Budapest, Hungary, Csilla graduated from the University of Budapest with a Masters Degree in Art followed up with an art scholarship in the former USSR. After spending much of her twenties travelling around Europe she settled in the UK. In 2004 she received the 'Genius Talent Prize' in Budapest at the exhibition celebrating the entry of Hungary into the European Union.
