SUMMER LOVIN'

THE HOGWOOD HERD IS BACK WITH A
CUTE QUARTET OF SUMMER-THEMED
COLLECTOR'S EDITIONS.

Jennifer Hogwood is now one of the most recognised artists working in the UK. Her bold, distinctive style arises from an unerring sense of colour, a singular talent for observation, and a huge affection for the animal kingdom. Her endearing images communicate the essence of her subject with humour and charm. She says:

“New ideas come from my children, my childhood and my love of nature. I never struggle for ideas...just the time to paint them! I love creating things and specifically pictures that make people happy.”

FRESH AS A DAISY...

Love is in the air and Jennifer uses daisies – flowers which symbolise innocence and true love – to complement her adorable characters.
