ORIGINAL ARTWORK

Philip's powerful and eloquent oil paintings and pastels have captivated a generation of art lovers and won him an impressive range of awards, media coverage and celebrity collectors, from Bono and Dolly Parton to Bill Clinton. As his reputation has grown, his original work has become increasingly sought after, and his status as one of the UK's most collectable artists has been confirmed.

"As an artist I travel the world looking for new locations and new inspiration. I want to visit places where people seldom venture, but also where an artist has never painted. New life challenges provide the impetus for my work and are an essential element of my painting process."

HOME AGAIN

Beach and Harbour Scenes

After spending 17 years as a diver in the navy, Philip has an innate love of the sea, both above and below the surface. He has travelled the world looking for new locations, new inspiration and new challenges. “I feel very privileged to have witnessed inaccessible realms, as they are themselves precious works of art.”

But all travellers must have a place to come back to, and on occasion Philip returns to the waters of home. In these mesmerising scenes the drama is replaced by atmosphere, as rather than stand back and admire, we are encouraged to step forwards and inhabit the work themselves.

WHAT LIES BENEATH

Diving in Mexico and China

Philip has undertaken dives all over the world, in oceans, caverns and lakes, and defied the rules by producing some extraordinary paintings underwater.

In 2019, Philip's documentary 'A Peace Within' was selected for the World Ocean Film Festival which toured UK cinemas in the autumn. In this beautiful and atmospheric film, we watch him venture below the surface to paint Mexico's 'cenotes' – astounding clear-water subterranean pools, viewed by the ancient Mayans as gateways to the afterlife.

"Seeing those vast rays of sunlight illuminate the depths was one of the most emotional, almost mystical, experiences of my life."

THE WATERFALL IV

Original Painting, 24 X 24", £4,850

UNDERWATER REVELATION I

Original Painting, 24 X 24", £4,850

A large, ethereal painting of an underwater scene. The composition is dominated by a bright, glowing light source in the upper left, casting a beam of light that illuminates the water and the surrounding rocky structures. The water has a soft, hazy quality with various shades of blue, green, and yellow. In the center-right, a small figure of a diver is visible, swimming towards the light. The foreground shows a sandy or rocky bottom with some small, dark, plant-like structures. The overall mood is mysterious and serene.
