SUMMER DAYS

This new collection of original paintings and collector's editions celebrates the magic of the British summertime. With its scenes of ladies sipping champagne in the sun and children wandering through meadows of wildflower in bloom, Summer Days will have you dreaming of the long, warm days that lie ahead...

ORIGINAL PAINTINGS

Recalling a variety of British days out, Ms. Valentine-Daines contrasts the style and sophistication of the social scene with gently affectionate portrayals of childhood innocence. These are two very different worlds, but this versatile artist proves herself equally at home in both.

“If your subject is moving as you sketch and photograph, it allows you to capture their movements in a way that somehow a camera doesn’t quite do. I can fill a sketchpad with what I call ‘five second sketches’ in preparation for some of these paintings – as you can probably imagine children with fishing nets paddling in the shallows don’t stay still for an instant!”

“Royal Ascot is one of the highlights of the season and has come to represent the best of British in so many ways. Sometimes when I’m strolling round my eye is suddenly caught by a perfect tableau – a group of friends drinking champagne on a perfectly manicured lawn, laughing like children let out of school early yet managing to look perfectly stylish - a scene that looks as if it has been set up for me personally.”
