**A PERFECTLY TIMED NEW COLLECTION THAT TRANSPORTS US
TO A GLORIOUS SUMMER DESTINATION.**

Tom's new collection could not be more perfectly timed – a pair of luminous coastal scenes that portray the English Riviera in all its picturesque charm; a place where the sun shines, the sea shimmers and if you look closely you will see that everyone is “having a whale of a time”.

Tom is one of the most innovative, imaginative and accomplished artists working in the UK. Drawing on a wide variety of media from broadsheet newspapers

to tabloids, to the glossy supplements, his witty and creative collages are literally hot off the press, and offer a fascinating artistic commentary on the world around us. While Tom's images may be charming and whimsical, they are also highly sophisticated and complex in their concept and creation. The multi-layered composition blends the transparent and the solid allowing him to interpret a familiar scene in a unique and sometime unexpected way.

**FOUR DRAMATIC NEW COLLECTOR'S EDITIONS FROM THE
GREATEST COMIC BOOK ARTIST OF OUR TIME ALEX ROSS.**

There has never been a better time to save the world – or indeed, the galaxy – so we are delighted that a cast of heroic characters from the Marvel Universe have flown, dived and generally exploded into our galleries for spring 2021. Created by the greatest comic book artist of them all, Alex Ross, each of these four dynamic and dramatic artworks offers an escape from the everyday into a world of fun and excitement

where the good guys keep us safe and (usually) win the day!

This stunning new collection from Alex celebrates some of Marvel's most memorable characters who have been saving the galaxy since 1939, including the Avengers, Hulk, the Guardians of the Galaxy and, of perhaps the most iconic of them all, Spider-Man.

INTRODUCING THE FIRST SPEC-TACULAR COLLECTION FROM THIS BRILLIANT CROSSOVER STREET ARTIST

Dom Pattinson's stunning visual statements are by turns thought-provoking, entertaining and, in the case of these two new limited editions, utterly delightful. His subversive humour is tempered by a gently mocking tone and a uniquely charming and positive approach to life which comes across in everything he does.

Dom has a massive celebrity following including Hollywood royalty Brad Pitt, Angelina Jolie and George Clooney. His big name collectors come

from all walks of life and highlight the breadth of his appeal – from millionaire socialite Caroline Stanbury and TV personality Davina McCall to neurosurgeon and broadcaster Sanjay Gupta and musician Liam Gallagher. He is the subject of a BBC documentary which is currently in the making, so this timely release of two limited editions offers collectors an opportunity to snap his work up before it hits our screens
